Report on review of interim condensed financial statements

To the Unitholders and Fund Manager of
AlBilad MSCI US Tech ETF

Introduction

We have reviewed the accompanying interim statement of financial position of AlBilad MSCI US Tech ETF (the "Fund") as at 30 June 2024, and the related interim statements of comprehensive income, changes in equity attributable to the Unitholders and cash flows for the six-month period then ended and other explanatory notes. Fund Manager is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

1 LEGAL STATUS AND PRINCIPAL ACTIVITIES

Albilad MSCI US Tech ETF (the "Fund") is an open-ended Exchange Traded Fund established and managed by Albilad Investment Company ("Fund Manager"), a subsidiary of Bank Albilad (the "Bank") for the benefit of the Fund's Unitholders (the "Unitholders"). The objective of the Fund is to achieve long-term growth and capital gains through the Passive Management of a Basket of US stocks that comply with the Shariah Supervisory Committee Standards and are listed in the US Market and concentrated in the technology sector, seeking to achieve a high performance level that simulates the performance of the Benchmark Index before calculating any dividends, fees or expenses.

The activities of the Fund conform to the rules and controls set by the Sharia Board.

In dealing with the Unitholders, Fund Manager considers the Fund as an independent accounting unit. Accordingly, Fund Manager prepares separate financial statements for the Fund. Furthermore, Unitholders are considered to be the beneficial owners of the assets of the Fund. The management of the Fund is the responsibility of Fund Manager.

Riyad Capital is the "Custodian" of the Fund.

In December 2021, the Capital Market Authority (CMA) approved Albilad Investment Company's request to offer and register "Albilad MSCI US Tech ETF" units on Saudi Stock Exchange (Tadawul) as Exchange Traded Fund (ETF). The Fund started trading on Tadawul as an ETF on 1 Rajab 1444AH (corresponding to 23 January 2023, with the symbol 9406).

According to the Terms and Conditions of the Fund, its first annual financial period starts from the commencement date of its operations i.e. 1 Rajab 1444AH (corresponding to 23 January 2023). The first annual financial statements were for the period from 23 January 2023 (commencement date of its operations) to 31 December 2023. According to the Terms and Conditions of the Fund, the financial statements for the subsequent period are prepared from 1 January to 31 December of each Gregorian year.

The Fund is governed by the Investment Funds Regulations ("IFR") published by the Capital Market Authority ("CMA") on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) as amended by the resolution of the CMA Board on 12 Rajab 1442H (corresponding to 24 February 2021).

1.1 PRIMARY MARKET OPERATION (ISSUANCE AND REDEMPTION OF UNITS)

The primary market operations are only carried out by Fund Manager and the authorized Market Maker Albilad Investment Company. The Issuance and Redemption activities are done on the basis of blocks of exchange traded fund (ETF) units (for the Fund, one block equals 100,000 ETF Units), referred to Issuance and Redemption of Units respectively. The process of issuance and redemption of ETF units is on an in-kind basis whereby the Market Maker interexchange ETF Units of the Fund and the basket of assets, through the Custodian, for the purpose of issuance and redemption of ETF units. The issued units are then freely floated on Tadawul for public trading.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These interim condensed financial statements of the Fund have been prepared in accordance with International Accounting Standard 34 – "Interim Financial Reporting" (IAS 34) as endorsed in the Kingdom of Saudi Arabia. These interim condensed financial statements should be read in conjunction with the financial statements as at and for the period from 23 January 2023 (date of commencement of operations) to 31 December 2023. In addition, results for the six-month period ended 30 June 2024, are not necessarily indicative of the actual results for the full year ending on 31 December 2024 and final results may differ.

The interim condensed financial statements have been prepared on a historical cost convention, except for the fair valuation of investments held at fair value through statement of income (FVSI) and using accrual basis of accounting.

The principal accounting policies, estimates and assumptions used in the preparation of these interim condensed financial statements are consistent with those of the previous financial year i.e. for the period ended from 23 January 2023 (date of commencement of operations) to 31 December 2023 except for note 3 below.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the interim statement of financial position. Instead, assets and liabilities are presented in order of liquidity.

NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS (UNAUDITED)
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2024
 (All amounts in Saudi Riyals '000' unless otherwise stated)

2 BASIS OF PREPARATION (continued)

2.1 Statement of compliance (continued)

The Fund can recover or settle all its assets and liabilities within 12 months from the reporting date.

The preparation of these interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In preparing these interim condensed financial statements, the significant judgments made by management in applying the Fund's accounting policies and the key sources of estimation uncertainty including the risk management policies were the same as those that applied to the annual financial statements as at and for the year ended 31 December 2023.

3 NEW STANDARDS AND AMENDMENTS

New standards, interpretations and amendments effective and adopted by the Fund in the current period

The accounting policies adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Fund's annual financial statements for the year ended 31 December 2023, except for the adoption of new standards effective as of 1 January 2024. Several amendments apply for the first time in 2024, but do not have a significant impact on the interim condensed financial statements of the Fund.

Standard/ interpretation	Description	Effective from periods beginning on or after
Amendment to IFRS 16 – Leases on sale and leaseback	These amendments include requirements for sale and leaseback transactions in IFRS 16 to explain how an entity accounts for a sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted.	1 January 2024
Amendments to IAS 7 and IFRS 7 on Supplier finance arrangements	These amendments require disclosures to enhance the transparency of supplier finance arrangements and their effects on a company's liabilities, cash flows and exposure to liquidity risk. The disclosure requirements are the IASB's response to investors' concerns that some companies' supplier finance arrangements are not sufficiently visible, hindering investors' analysis.	1 January 2024
Amendment to IAS 1 – Non- current liabilities with covenants	These amendments clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The amendments also aim to improve information an entity provides related to liabilities subject to these conditions.	1 January 2024

3 NEW STANDARDS AND AMENDMENTS (continued)

Accounting standards issued but not yet effective and not early adopted

The following accounting standards, amendments, which will become effective from periods on or after 1 January 2025. The Fund has opted not to early adopt these pronouncements. Fund Manager is in process of making an assessment, however, it is expected that they do not have a significant impact on the Fund's interim condensed financial statements.

Standard/ interpretation	Description	Effective from periods beginning on or after
Amendment to IFRS 21 – Lack of exchangeability	IASB amended IAS 21 to add requirements to help in determining whether a currency is exchangeable into another currency, and the spot exchange rate to use when it is not exchangeable. Amendment set out a framework under which the spot exchange rate at the measurement date could be determined using an observable exchange rate without adjustment or another estimation technique.	1 January 2025
Amendments to IFRS 10 and IAS 28- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Partial gain or loss recognition for transactions between an investor and its associate or joint venture only apply to the gain or loss resulting from the sale or contribution of assets that do not constitute a business as defined in IFRS 3 Business Combinations and the gain or loss resulting from the sale or contribution to an associate or a joint venture of assets that constitute a business as defined in IFRS 3 is recognized in full.	Effective date deferred indefinitely
IFRS 18, Presentation and Disclosure in Financial Statements	IFRS 18 provides guidance on items in statement of profit or loss classified into five categories: operating; investing; financing; income taxes and discontinued operations It defines a subset of measures related to an entity's financial performance as 'management-defined performance measures' ('MPMs'). The totals, subtotals and line items presented in the primary financial statements and items disclosed in the notes need to be described in a way that represents the characteristics of the item. It requires foreign exchange differences to be classified in the same category as the income and expenses from the items that resulted in the foreign exchange differences.	1 January 2027
IFRS 19 - Reducing subsidiaries' disclosures	IFRS 19 allows eligible subsidiaries to apply IFRS Accounting Standards with the reduced disclosure requirements of IFRS 19. A subsidiary may choose to apply the new standard in its consolidated, separate or individual financial statements provided that, at the reporting date it does not have public accountability and its parent produces consolidated financial statements under IFRS Accounting Standards.	1 January 2027
Amendments to IFRS 9 and IFRS 7	These amendments address diversity in accounting practice by making the requirements more understandable and consistent.	1 January 2026

3 NEW STANDARDS AND AMENDMENTS (continued)

Accounting standards issued but not yet effective and not early adopted (continued)

Standard/ interpretation	Description	Effective from periods beginning on or after
IFRS S1, 'General requirements for disclosure of sustainability-related financial information	This standard includes the core framework for the disclosure of material information about sustainability-related risks and opportunities across an entity's value chain.	Effective 1 January 2024, however, not yet endorsed by SOCPA
IFRS S2, 'Climate-related disclosures'	This is the first thematic standard issued that sets out requirements for entities to disclose information about climate-related risks and opportunities.	Effective 1 January 2024, however, not yet endorsed by SOCPA

4 Functional and presentation currency

Items included in the interim condensed financial statements are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). These interim condensed financial statements are presented in Saudi Arabian Riyal ("SR") which is the Fund's functional and presentation currency.

The Fund did not have any foreign currency transaction during the period ended 30 June 2024 (30 June 2023: Nil).

5 RELATED PARTY TRANSACTIONS AND BALANCES

In the ordinary course of its activities, the Fund transacts business with related parties. Related party transactions are conducted in accordance with the Terms and Conditions of the Fund. All the related party transactions are approved by the Fund Board.

Management fee is calculated at rate of 0.75% per annum of the Fund's net assets value. In addition, on a daily basis the Fund Manager charges the Fund, custody fees 0.05% of the Fund's Net Asset Value of the listed financial securities and Investment Fund Units and 0.03% of the Fund's Net Asset Value of the Money Markets, to be calculated on each Calendar Day and deducted on a monthly basis.

Following table contains the details of transactions with related parties:

Related party	Nature of relationship	Nature of transaction	For the six-month period ended 30 June 2024 (Unaudited)	For the period from 23 January 2023 (date of commencement of operations) to 30 June 2023 (Unaudited)
Albilad Investment Company	Fund Manager	Management fee	58	13

6 FAIR VALUE ESTIMATION

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The following table analyses within the fair value hierarchy the Fund's assets and liabilities (by class) at 30 June 2024 and 31 December 2023:

As at 30 June 2024 (Unaudited)	Carrying amount	Fair value			Total
		Level 1	Level 2	Level 3	
Financial assets not measured at fair value					
Cash and cash equivalents	60	-	-	60	60
Dividend receivable	3	-	-	3	3
Financial asset measured at fair value					
Investments held at FVSI	10,452	10,452	-	-	10,452
	10,515	10,452	-	63	10,515

Financial liabilities not measured at fair value

Payable against purchase of investments held at FVSI	14	-	-	14	14
Accrued management fee	19	-	-	19	19
Accruals and other liabilities	145	-	-	145	145
	178	-	-	178	178

As at 31 December 2023 (Audited)	Carrying amount	Fair value			Total
		Level 1	Level 2	Level 3	
Financial assets not measured at fair value					
Cash and cash equivalents	8	-	-	8	8
Dividend receivable	2	-	-	2	2
Financial asset measured at fair value					
Investments held at FVSI	12,520	12,520	-	-	12,520
	12,530	12,520	-	10	12,530

Financial liabilities not measured at fair value

Accrued management fee	33	-	-	33	33
Accruals and other liabilities	66	-	-	66	66
	99	-	-	99	99

Investments held at FVSI are fair valued using quoted prices and therefore classified within level 1. The fair value of financial instruments not carried at fair value is not significantly different from carrying value as they are short term in nature.

7 FINANCIAL RISK MANAGEMENT

7.1 Financial risk factors

The financial risk management policies are consistent with those disclosed in the Fund's financial statements as at and for the period from 23 January 2023 (date of commencement of operations) to 31 December 2023.

The Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

The Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises Fund Manager and is ultimately responsible for the overall management of the Fund.

Monitoring and controlling risks are primarily set up to be performed based on the limits established by the Fund Board. The Fund has its Terms and Conditions document that set out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

(a) Market Risk

The Fund is exposed to market risk due to its investment held at FVSI. Fund Manager closely monitors the price movement of its financial instruments in US Markets. The Fund's Portfolio Constituents are evaluated according to the latest closing of the US Market. Accordingly, the indicative Unit price announced in the Market will reflect the closing price of the Market on the preceding day, which may be different from the Unit trading price. The Fund manages the risk through diversification of its investment portfolio by investing in various industry sectors. If the fair value of the investments held at FVSI changed by 5%, with all other variables held constant, the income for the period would have been higher / lower by SAR 522,600.

(b) Foreign currency risk

Foreign exchange risk is the risk that the value of future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates and arises from financial instruments denominated in foreign currency.

The Fund trades in Saudi Riyal, while most of the Fund's Investments will be denominated in US Dollar. Currently, SAR is pegged to US Dollar therefore the Fund is not exposed to foreign exchange risk. Consequently, no foreign currency sensitivity analysis has been presented.

(c) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Fund. As at 30 June 2024 and 31 December 2023, the Fund is exposed to credit risk on the following:

	As at 30 June 2024 (Unaudited)	As at 31 December 2023 (Audited)
Cash and cash equivalents	60	8
Dividend receivable	3	2
	63	10

Cash and cash equivalents are held with the financial institutions with investment grade credit rating, therefore the impact of expected credit losses on these balances is insignificant.

7 FINANCIAL RISK MANAGEMENT (continued)

7.1 Financial risk factors (continued)

(d) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's Terms and Conditions provide for subscription and redemption of units on every Valuation Day and it is, therefore, exposed to the liquidity risk of meeting redemptions at any time. The Fund's securities are considered to be readily realisable and they can be liquidated at any time. However, Fund Manager has established certain liquidity guidelines for the Fund and monitors liquidity requirements on a regular basis to ensure sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by obtaining financing from the related parties of the Fund. The Fund settles its financial liabilities relating to accrued management fee and other expenses on quarterly basis.

The expected maturity of the assets and liabilities of the Fund is less than 12 months.

Interest rate and liquidity risk management

The Fund is not exposed to interest rate risk as it does not have any interest bearing financial assets. Ultimate responsibility for liquidity risk management rests with Fund Manager, which has established an appropriate liquidity risk management framework for the management of the Fund's short, medium and long-term funding and liquidity management requirements. The Fund manages liquidity risk by maintaining adequate reserves, banking facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The maturity profile of financial assets and financial liabilities is as follows:

7 FINANCIAL RISK MANAGEMENT (continued)

7.2 Capital risk management

The capital of the Fund is represented by the equity attributable to holders of redeemable units. The amount of equity attributable to holders of redeemable units can change significantly on each Valuation Day, as the Fund is subject to subscriptions and redemptions at the discretion of Unitholders on every Valuation Day, as well as changes resulting from the Fund's performance. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for Unitholders, provide benefits for other stakeholders and maintain a strong capital base to support the development of the investment activities of the Fund.

In order to maintain the capital structure, the Fund's policy is to monitor the level of subscriptions and redemptions relative to the assets it expects to be able to liquidate and adjust the amount of dividend distributions the Fund pays to redeemable units.

The Fund Board and Fund Manager monitor capital on the basis of the value of equity attributable to redeemable Unitholders.

8 FINANCIAL INSTRUMENTS BY CATEGORY

All financial assets and financial liabilities as at 30 June 2024 and 31 December 2023 are classified under amortized cost category except for investments held at FVSI which are classified as and measured at fair value.
